

IV. Educational Program

A. Curriculum components

5. ACGME Competencies

b. Medical Knowledge

Common Program Requirement:

5. *ACGME Competencies*

The program must integrate the following ACGME competencies into the curriculum:

b. Medical Knowledge

Residents must demonstrate knowledge of established and evolving biomedical, clinical, epidemiological and social-behavioral sciences, as well as the application of this knowledge to patient care. Residents:

[As further specified by the Review Committee]

- **Documentation for medical knowledge:** In addition to specialty-specific PIF questions, evidence for compliance with these requirements includes the written didactic curriculum, lecture schedule, and reading assignments. These documents should be available for site visitor review. Site visitors will verify this information through inspection and interviews as needed.
