

Resident / Fellow Survey

All information you provide about your current program will be saved anonymously. No individual responses will be given to your program, your program director, your faculty, your institution, or the Residency Review Committee. The summarized data will be a part of the information considered by the accreditation site visitor for the accreditation of the program and sponsoring institution. No accreditation decisions will be made based solely on this survey. Summary data from this survey may be used to inform ACGME policy decisions at the national level. Summary data and other information about programs, institutions, resident physicians or resident physician education which is not identifiable by person or organization may be published in a manner appropriate to further the quality of GME and consistent with ACGME policies and with law.

Click the "Submit results" button when you are finished. If you do not click the "Submit results" button below within 30 minutes of logging in, your session will be disconnected. If you are disconnected, return to the login page to retake the survey.

Please answer each of the following questions based on your experience since the beginning of the current academic year.

1. Do the faculty spend sufficient time TEACHING residents/fellows in your program?

- Yes
- No

2. Do the faculty spend sufficient time SUPERVISING the residents/fellows in your program?

- Yes
- No

- Yes
 - No
14. Does your program offer you the opportunity to participate in research or scholarly activities?
- Yes
 - No
15. Have residents / fellows had the opportunity to assess the program for the purposes of program improvement?
- Yes
 - No
16. Has your ability to learn been compromised by the presence of trainees who are not part of your program, such as residents from other specialties, subspecialty fellows, PhD students, or nurse practitioners?
- Yes
 - No
- 17a. Does your program provide an environment where residents/fellows can raise problems or concerns without fear of intimidation or fear of retaliation?
- Yes
 - No
- 17b. How satisfied are you with your program's process to deal confidentially with problems or concerns you might have?
- Extremely satisfied
 - Very satisfied
 - Somewhat satisfied

transfer care of patients, conduct outpatient clinics and maintain continuity of medical and surgical care.

- f. No new patients may be accepted after 24 hours of continuous duty.

- g. At-home call must not be so frequent as to preclude rest and reasonable personal time for each resident / fellow.

- h. Residents / fellows taking at-home call must be provided with 1 day in 7 completely free from all educational and clinical responsibilities, averaged over a 4-week period.

- i. When residents and fellows are called into the hospital from home, the hours they spend in-house are counted toward the 80-hour limit. (The limit is 88-hours for those programs with duty hour exceptions.)

21. If you noted any duty hours issues in the section above, would you say that those issues occurred mostly on rotations to other services outside your specialty?
- Yes, the issues are mainly on rotations to other services
 - No, the issues are mainly on rotations within my specialty
 - The issues are in BOTH my rotations to other services AND within my specialty
 - Not applicable
